29.9.–1.10.2015 | NUREMBERG

**FOCUS ON MARKING
AND LABELLING**

NÜRNBERG  MESSE

THE “MORE” OFFERED BY FACHPACK

As the European trade fair for packaging, technology, processing and logistics, FachPack revolves around the idea of “Packaging & More”. More performance, more service, more protection and more effect.

At the trade fair, which takes place from 29 September to 1 October 2015, you will experience what is meant by this live – and how you can achieve “more” with the right packaging. You will witness the benefits of integrated packaging solutions and concrete proposals for improved packaging logistics, for example.

This year, FachPack is focusing on the topic of “marking and labelling”. On one hand, it will emphasise the increased significance of labelling technology in the world of packaging and logistics, and on the other hand, it will give you an overview of the latest developments in product customisation with labels.

You can look forward to conversing in person with 1,500 exhibitors who, with their services and innovations, are representing the packaging process chain under one roof.

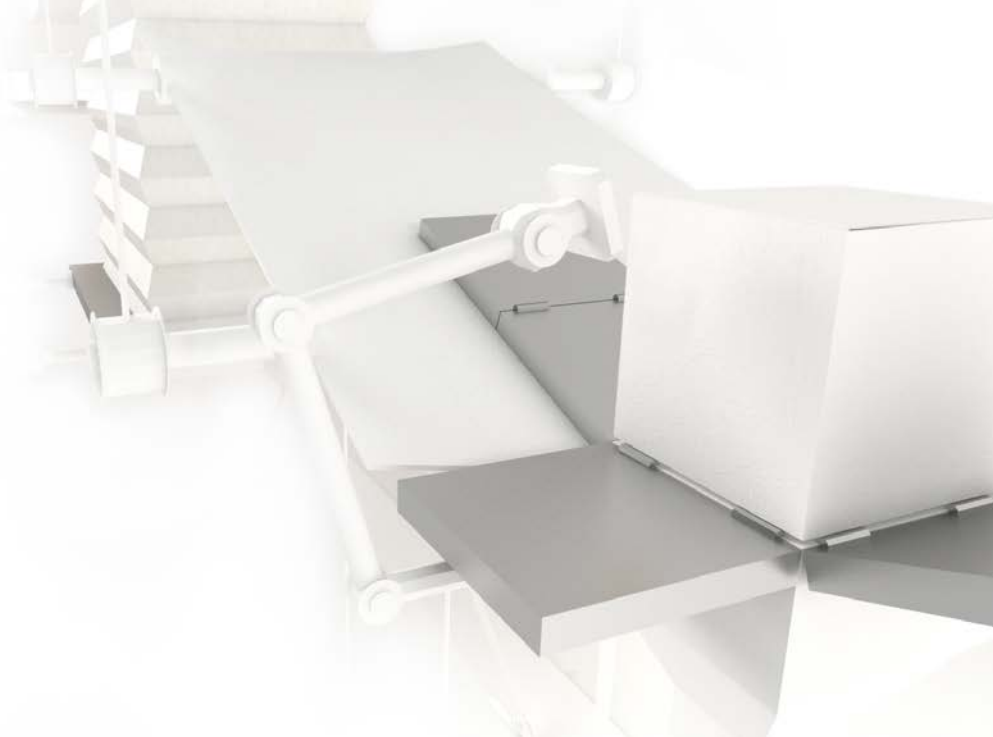

**GOOD IDEAS START HERE.
FACHPACK. PACKAGING & MORE.**

MORE SOLUTIONS AT A GLANCE

MORE RECOGNITION

FOCUS ON MARKING AND LABELLING

FachPack does not present technologies in isolation, but in association with the packaging process chain. Thus, you not only benefit from the actual solution, but can optimise your processes as a whole. It promotes "more recognition" with integrated, customer-orientated solutions, presentation highlights and special shows on the subject of labels and marking equipment:

- › Special show "Smart Labelling - A view into the future", Fraunhofer IML
- › "Labels & more" Pavillion
- › Packaging Design & "Nice Labels", bayern design
- › Presentations in the PackBox Forum and much more
